Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 9th August 1887.

No. 2700-8—71, DATED 9TH AUGUST 1887.

ORDER.—The water-rate of Rs. 4 per acre prescribed by Proceedings No. 7005—R. 75, dated 23rd November 1878, is in respect of Inam lands irrigated by Government irrigation channels drawn from rivers. This rate is too high—

(*a*) for Inam lands irrigated by Government tanks,
and (*b*) for Inam lands irrigated by a private branch channel drawn from a Government irrigation channel.

2. As regards case (*a*), it would perhaps be desirable to fix some uniform rate. The Survey Superintendent is requested to report what rate he would recommend or whether he would prefer to fix the rate in each individual case. It is believed such cases are not likely to be very numerous.

3. As regards case (*b*), the Dewan would fix the water-rate at Rs. 3 per acre, *i. e.*, $\frac{1}{4}$ less than the full water-rate, on the principle on which wet lands under private tanks are assessed. The opinion upon this question of the Superintendent of Revenue Survey and of the Deputy Commissioners is requested.

R. VIJAYINDRA RAO,
Chief Secretary.
